

Our passion is sophisticated and intuitive solutions

inovit is a small and dynamic company with flat hierarchies and fast decision-making and communication channels. With us you can actively participate. We develop and implement software solutions across industries for medium-sized and large companies in Switzerland. Our focus is on Microsoft Azure and Microsoft 365 in which we have accompanied and successfully implemented many projects in the field of security, identity & access management and information protection since the beginning. Furthermore, we are currently setting the course to establish ourselves even more in the field of solution and product development outside of security, identity & access management on the market.

You are

A personality who wants to make a difference together with us and is willing to take on responsibility! You can motivate and inspire others. You enjoy working at the interface to the customer. You take on the customer's needs and develop a suitable solution. It gives you pleasure to familiarize yourself with new topics and to participate in solution ideas that bring us forward together. Yes? Then we look forward to meeting you.

Your tasks as

Microsoft Azure & M365 Engineer (60-100%)

- Analyse, design, implement and develop professional solutions for enterprise customers using the latest technologies and agile approaches
- Solving technical and conceptual challenges in Azure & M365
- Responsibility for conception, implementation, documentation, and architecture of Microsoft Azure & M365 solutions

What should you bring?

- Completed training, as well as several years of experience in the field of Azure / M365
- Understanding cloud architectures and strategies
- Good experiences in the field of hybrid connections
- Good experience with authentication, authorization and security services in Microsoft 365 and Azure
- Good experiences in PowerShell
- Very good knowledge of German and English
- You would like to bring in your diverse knowledge and are looking forward to gaining new experiences

This offer awaits you:

- Participation in a team of specialists who enjoy their work
- Modern working environment in which you can make a difference
- Individual training requests are supported
- Regular Microsoft Training and Certification
- Flexible working hours with possibilities for home office and 5 weeks' vacation
- Good social benefits and regular team exchange

Are you interested?

We look forward to receiving your application. Please send us your complete application documents (letter of motivation, CV, certificates, training, and further education certificates) by e-mail to info@inovit.ch.
